EDUCATION

**Periyar Maniammai
Institute of Science &
Technology**
BCA
2015 - 2018

SKILLS

TECHNICAL

- HTML
- CSS
- JavaScript
- React.JS
- Git
- NodeJS
- Express JS
- Flexbox / Grid
- Bootstrap

PROFESSIONAL

- Time management
- Attention to detail
- Problem solving
- Communication
- Quick learner
- Leadership
- Creativity

DEVELOPMENT PROJECTS

1. Real-Time Interactive Chat Interface (React)

- Developed a fully functional single-page chat application using React to create a highly responsive and interactive user experience.
- Implemented component-based architecture and utilized useState/useEffect hooks for robust state management and efficient data flow.
- Key Achievement: Successfully managed local storage to provide persistent chat history across user sessions, demonstrating fundamental React concepts and user-centric design principles.
- Technologies Used: React, JavaScript (ES6+), HTML5, CSS3, GitHub Pages (Deployment).

2. Dynamic Server-Side Weather API (Node.js/Express)

- Engineered a backend service using Node.js and Express.js that securely integrates with the RapidAPI endpoint to serve real-time weather data.
- Integrated with an external RapidAPI endpoint to process user-city requests.
- Key Achievement: Validated secure deployment skills on Render by managing sensitive API keys using environment variables (.env), ensuring production-ready server practices.
- Technologies Used: Node.js, Express.js, Axios, EJS (Templating), Environment Variables, Render (Deployment).

PROFESSIONAL EXPERIENCE (TRANSFERABLE SKILLS)

BAJAJ FINANCE LIMITED | Sales Executive

Nov 2022 – Jul 2025

- Managed client accounts and utilized internal software systems to accurately process financial applications, demonstrating strong attention to detail and compliance adherence.
- Developed strong client communication and problem-solving skills to manage expectations and ensure timely service delivery.

Exela Technologies | Adjudication Processor (Lv. 2)

Dec 2019 – Dec 2020

- Responsible for the accurate processing and validation of complex data and document sets, requiring high levels of focus and systematic review.
- Quickly mastered proprietary software tools and internal processes to achieve consistently high levels of processing speed and accuracy.
